

TS1000™

ISO 9001
Certified

Advanced Touchscreen Control System for Specialty Vehicles

A Style our Competitors Can't TOUCH!

The TS1000™ manages power distribution from the chassis throughout your specialty vehicle with just a touch of a finger. Every TS1000™ installation is supported by our experts in vehicle power management systems. Contact your TST representative to learn more about how the TS1000™ can fit into your next design.
