

Titan Flasher™

ISO 9001
Certified

The Only Flasher You'll Ever Need

Titan Flashers™ from Transportation Safety Technologies (TST) feature TST's Extenda-life technology, and incorporate 100% solid state construction.

Alternating Flasher
150-0200
5 pin, 2-outputs;
10 amps per output

140-0381
110-0338
14-18 gauge or
110-0340
10-12 gauge

Single Output Flasher
150-0201
3 pin, 1-output;
10 amps per output

One of the great benefits that comes from using one of TST's Titan Flashers™ is that it lasts for more than 5 million cycles, meaning it keeps working up to the life of your vehicle. With this great benefit and others, TST's Titan Flasher™ is truly the only Flasher you will ever need.

FEATURES:

- ❖ Small and Inexpensive
- ❖ Extremely efficient delivering power to load
- ❖ No internal arcing
- ❖ Lasts for more than 5 million cycles and does not wear out like other mechanical devices
- ❖ Not prone to excessive heat build-up, and do not require heat sinks
- ❖ Can be used in incandescent or LED lighting applications
- ❖ Not load dependent
- ❖ Operating Temperature: -40 to 85 degrees C or - 40 to 185 degrees F
- ❖ Fits in standard relay socket

**Made in the
USA**
